

A Look At The New Mercedes CL-Class Parking Guidance System

{mosgoogle right}If you are the type that finds the process of parallel parking tedious, several automakers, including both BMW and Lexus, have developed systems to make the task easier, even to the point that some vehicles now park themselves. Today, Mercedes has released details of their foray into the world of parking assistance - a new parking guidance system, set to make its debut as an option on the new CL-Class. Here's a quick summary of how it works...
