

Maybach Introduces Open-Top Landaulet Study

{mosgoogle right}For those of you with a penchant for the chauffeur-piloted 62 S wishing to indulge in a little open-air activity while traveling, Maybach today has introduced an exclusive, one-off study which combines the consummate model with the landaulet of yesteryear (a landaulet is, by definition, a car with a folding hood over the rear seats). The result is a supremely-luxurious concept featuring a roof which can be full-opened in the passenger section, while the chauffeur's compartment remains fully-enclosed.
