

An Inside Look At The 2010 Mercedes-Benz E-Class

{mosgoogle right}Wondering what the interior of the forthcoming 2010 Mercedes-Benz E-Class looks like? Wonder no more. The industrious spy photographer of Auto Express recently captured an undisguised view of the new model's interior, revealing precisely what to expect in terms of ergonomics and styling. Although I won't go into too many details, due to the fact the photo pretty much speaks for itself, two highlights worth noticing include a large multimedia display screen positioned atop the center console (a la the S-Class) and the COMAND controller in the center console (a la the S-Class and C-Class). If you had to describe it, an amalgamation of the S-Class and C-Class interiors would probably best summarize the E-Class exterior as a whole.
