

Video Teaser Of The HAMANN Volcano Mercedes-Benz SLR McLaren

{mosgoogle right}Although better known for the work theyve performed on other premium automotive marquees, HAMANN is finally set to work their tuning magic on a Mercedes variant, unveiling today a video of a model theyre calling the HAMANN Volcano. While no accompanying details were released of the two-tone Mercedes SLR McLaren, the usual suspects all appear to be present, ranging from broader wheel arches, a new rear diffuser and wing, a new front spoiler, three-piece wheels and yes, a red velvety-soft interior.
